Pepe & Speedy

School & Family Concert

A musical journey with guitar, saxophone and Pepephon

"Ready, steady, Go!" is the call when Speedy Gitarros digs into the strings with his nimble fingers. Pepe plays on his luggage - what sounds has it hidden inside? Saxophone and clappernette play against each other. But what does the sound of the Pepephon sound like? Speedy plays with Pepe, Pepe plays with Speedy: this is where the music plays!" Together with the audience, the two musicians explore sounds, rhythms and melodies from Jazz, Pop, Folk and Classical music.

Duration of performance: 30-45 minutes

A concert for schools and families with children from 4 years old.

Jazz musicians Christoph Pepe Auer and Manfred Temmel use guitars, clarinets, saxophones and their home-made Pepephon in a playful exploration of sounds, rhythms and melodies. In the process of their journey, the audience experiences sound-worlds ranging from joyful, fast-paced gypsy jazz through to celestially melodic songs; from intoxicating groovy rhythms to swinging waltzes.

They play their own compositions as well as arrangements and excerpts from Pop, Jazz and Classical Music with a focus on the first-hand joy of playing, a creative usage of the instruments, and on an interactive musical exchange with the audience.

Christoph Pepe Auer - Pepephon, clarinets, saxophone

Manfred 'Speedy' Temmel - guitar

Lilian Genn - concept, dramaturgy*

Sigrid Reisenberger - directions*

*non travel group
